CALL FOR APPLICATIONS FOR THE SELECTION OF MEMBERS OF THE COMMISSION EXPERT GROUP ON THE COMPETITIVENESS OF THE RAIL SUPPLY INDUSTRY

1. BACKGROUND

By decision of the Director General, the Commission Directorate-General for Internal Market, Industry, Entrepreneurship and SMEs (hereinafter 'DG GROW') has set up a group of experts on the competitiveness of the rail supply industry ('the group').

The group shall be co-chaired by a representative of DG GROW and a representative of the Commission's Directorate-General for mobility and transport ('DG MOVE') and shall elect a vice-chair.

This initiative aims at following up on the Commission's response to the Resolution that was adopted on 4th October 2016 by the European Parliament on the competitiveness of the European Rail Supply Industry (2015/2887(RSP) by establishing a forum at EU level open to representatives of the Member States, industry associations and other stakeholders of the European Rail Supply Industry (RSI). The participation of the European Parliament's experts in the work of the group is governed by point 15 and annex I of the Framework Agreement on relations between the Parliament and the Commission¹.

The group is the result and follow-up of the kick-off meeting held on 2nd March 2017 that had as objective to examine the implementation progress of the main topics stated by the Resolution and to discuss the next steps required.

The group's tasks shall be to assist and advise the Commission in promoting the competitiveness of the EU Rail Supply Industry (RSI). It shall identify and evaluate the challenges faced by the RSI and determine what is necessary to maintain its global leadership, in line with the holistic approach evoked in the European Commission's renewed Industrial Policy Strategy Communication (COM 2017-479).

The group shall inter alia:

- analyse the competitiveness situation of the RSI in the international context, including trade and public financial support practices in third countries;

¹ OJ, L 304/47, of 20.11.2010.

- discuss and analyse aspects of railway equipment public procurement in European and international markets, in view of the Commission proposals and initiatives in the field of public procurement;
- identify specific needs of RSI SMEs, provide information and accessibility to existing programmes and funding such as, COSME, H2020, EUREKA, EU gateway to Japan etc;
- develop recommendations in the field of research and innovation, access to finance and skills, investment, and technical developments, including those related to digitisation;
- examine how to make the best use of outcomes of existing RSI programmes to boost competitiveness and increase cooperation with other global players.

The group shall prepare a report that addresses the most important factors impacting the competitiveness of the RSI. This report should be based on an analysis of the challenges and concrete needs of the industry, identify priority areas and make recommendations for further action.

The chair can propose to add new tasks, if necessary, in order to respond to challenges and opportunities for the rail supply industry, arisen after the group has been established, in line with the tasks of the group.

The group shall not duplicate discussions that already take place in other fora of the European Commission, the Railway Agency or the Shift2Rail Joint Undertaking.

2. FEATURES OF THE GROUP

2.1. Composition

The group shall consist of up to 60 members.

Members shall be Member States' authorities (Type D members), other public entities (Type E members) and organisations (Type C members) operating at EU level.

Type D and E members shall only be represented by civil servants or public employees.

The organisations (Type C Members), shall be federations, associations, companies, organisations from the rail sector and non-governmental organisations, including those representing consumers, with at least 50% of their activity taking place in the EU as determined by production and turnover data and having their corporate headquarters as well as their rail-related division(s) in a Member State of the European Union.

This call for applications aims at selecting Type C members only.

Member States' authorities, organisations and other public entities shall nominate one representative to the group and shall be responsible for ensuring that their representative provides a high level of expertise. DG GROW may refuse the nomination of a representative by an organisation if it considers this nomination inappropriate in light of the requirements specified in chapter 4 of this call. In such case, the organisation concerned shall be asked to appoint another representative.

2.2. Appointment

The members of the group shall be appointed by the Director General of DG GROW in consultation with DG MOVE and other relevant services from applicants complying with the requirements referred to in chapter 4 of this call.

Members shall be appointed for a term of (2) two years. They shall remain in office until they are replaced, they resign or their term of office ends. Their term of office may be renewed.

Registration in the Transparency Register is required in order for organisations to be appointed.

In order to ensure continuity and the smooth functioning of the group, the Chair shall establish a reserve list of suitable candidates that may be used to appoint replacements. The Chair shall ask applicants for their consent before including their names on the reserve list.

Members who are no longer capable of contributing effectively to the group's deliberations, who in the opinion of the Chair do not comply with the conditions set out in Article 339 of the Treaty on the functioning of the European Union or who resign, shall no longer be invited to participate in any meetings of the group and may be replaced for the remainder of their term of office.

2.3. Rules of engagement and operation of the group

DG GROW shall ensure the Secretariat of the expert group in consultation with DG MOVE. Commission officials from other departments with an interest in the proceedings may attend meetings of the group.

The group shall act at the request of DG GROW, in compliance with the Commission's horizontal rules on expert groups ("the horizontal rules"²).

In principle, the group shall meet 3 times per year on Commission premises in order to:

- Hold a regular dialogue on all matters relating to the competitiveness of the rail supply industry,
- Assist and advise the Commission on the policy in the fields referred to in chapter 1.

Other meetings might be agreed by the chair if requested by the expert group members to address a specific or urgent topic.

Members' representatives should be prepared to attend meetings systematically, to contribute actively to discussions in the group, to be involved in preparatory work ahead of meetings, to examine and provide comments on documents under discussion, and to act, as appropriate, as 'rapporteurs' on ad hoc basis.

As a general rule, working documents will be drafted in English and meetings will be also conducted in English.

² C(2016) 3301, art. 13.1.

In principle, the group shall adopt its opinions, recommendations or reports by consensus. In the event of a vote, the outcome of the vote shall be decided by simple majority of the members. The members that voted against or abstained shall have the right to have a document summarising the reasons for their position annexed to the opinions, recommendations or reports.

In agreement with the Chair, the group may, by simple majority of its members, decide that deliberations shall be public.

Participants in the activities of the group and sub-groups shall not be remunerated for the services they offer. Travel and subsistence expenses incurred by participants in the activities of expert groups may be reimbursed by the Commission. Reimbursement shall be made in accordance with the provisions in force within the Commission and within the limits of the available appropriations allocated to the Commission departments under the annual procedure for the allocation of resources.

The members of the group, their representatives, as well as potential invited experts and observers, are subject to the obligation of professional secrecy, which by virtue of the Treaties and the rules implementing them applies to all members of the institutions and their staff, as well as to the Commission's rules on security regarding the protection of Union classified information, laid down in Commission Decisions (EU, Euratom) 2015/443³ and 2015/444⁴. Should they fail to respect these obligations, the Commission may take all appropriate measures.

On a proposal by and in agreement with the Chair the group shall adopt its rules of procedure on the basis of the standard rules of procedure for expert groups.

The Chair may invite experts with specific expertise with respect to a subject matter on the agenda to take part in the work of the group or sub-groups on an ad hoc basis.

Organisations and public entities may be granted an observer status, in compliance with the horizontal rules, by direct invitation.

Organisations and/or public entities appointed as observers shall nominate their representatives. Observers and their representatives may be permitted by the Chair to take part in the discussions of the group and provide expertise. However, they shall not have voting rights and shall not participate in the formulation of recommendations or advice of the group.

The Chair in cooperation with other relevant DGs may set up sub-groups for the purpose of examining specific questions on the basis of terms of reference defined by DG GROW. Sub-groups shall operate in compliance with the horizontal rules and shall report to the group. They shall be dissolved as soon as their mandate is fulfilled. The members of sub-groups that are not members of the group shall be selected via a public call for applications.

In particular, DG GROW shall ensure publication of the agenda and other relevant background documents in due time ahead of the meeting, followed by timely publication of minutes. ANNEX III: PRIVACY STATEMENT

PROTECTION OF YOUR PERSONAL DATA

1. Introduction

This privacy statement explains the reason for the processing, the way we collect, handle and ensure protection of all personal data provided, how that information is used and what rights you may exercise in relation to your data (the right to access, rectify, block etc.).

The European institutions are committed to protecting and respecting your privacy. As this service/application collects and further processes personal data, Regulation (EC) N°45/2001¹⁰ of the European Parliament and of the Council of 18 December 2000 on the protection of individuals with regard to the processing of personal data by the Community institutions and bodies and on the free movement of such data, is applicable.

This statement concerns the Register of Commission Expert Groups and Other Similar Entities ('Register of expert groups') undertaken by the European Commission, Secretariat-General, Head of Unit B.2 (Institutional Affairs). The Register is a database containing a list of Commission expert groups and other similar entities and their sub-groups. For each expert group, the Register provides valuable information including on the Commission department which is running the group, as well as on the group members, mission and tasks. The Register also includes relevant documents which are produced and discussed by expert groups.

Personal data submitted to Commission departments as part of rejected applications are not published on the Register of expert groups. The competent Commission departments keep these data for six months and do not process them for other purposes.

2. Why do we process your data?

Purpose of the processing operation: The European Commission, Secretariat-General, Head of Unit B.2 (Institutional Affairs) ('the Data Controller') collects and uses your personal information to ensure transparency on expert groups' membership and activities.

The processing and publication on the Register of expert's personal data is necessary for the performance of a task carried out in the public interest, since it increases the transparency on Commission expert groups (article 5 (a) of Regulation (EC) N° 45/2001).

As regards, in particular, the declarations of interests filled in by experts appointed in a personal capacity, the processing of personal data of these experts serves the public interest of enabling the Commission to verify the experts' independence in providing advice to the Commission. Furthermore, the public disclosure of declarations of interests allows for public scrutiny of the interests declared by experts appointed in a personal capacity, which is necessary in order to ensure public confidence in the independence of these experts. The public disclosure of declarations of interests also ensures a high degree of transparency with respect to the membership of expert groups and aims at contributing to fostering the integrity of the experts in question.

Art 27 of Regulation (EC) N° 45/2001 is not applicable.

¹⁰ Regulation (EC) N° 45/2001 (OJ L8 of 12/01/2001).

3. Which data do we collect and process?

The personal data collected and further processed may be:

- Name;
- Professional title;
- Professional profile;
- Nationality;
- Gender;
- Interest represented (only for individuals applying to be appointed as members of expert groups or sub-groups representing a common interest and for the designated representatives of organisations applying to be appointed members of expert groups or sub-groups);
- Information included in the declarations of interest (only for individuals applying to be appointed as members of expert groups or sub-groups in a personal capacity).

4. How long do we keep your data?

The Data Controller only keeps the data for the time necessary to fulfil the purpose of collection or further processing.

When an individual is no longer participating in a group listed in the Register of expert groups, all personal information related to this individual is removed from the Register. The competent Commission departments keep personal information for 5 years after the date where relevant individuals cease to participate in the work of the group.

Declarations of interests of individuals appointed as members or alternate members in a personal capacity of expert groups or sub-groups are published on the Register as long as they are members.

When a group is closed down, it remains published in the Register of expert groups for five years, with the indication 'Closed'. During such time, personal information other than the above-mentioned declarations of interests is visible on the Register.

An XML file is created daily with all the information regarding active groups. All versions of this file, showing the situation of the Register as of the day it was created, are stored in a file server for 5 years.

5. How do we protect your data?

All data in electronic format (e-mails, documents, uploaded batches of data etc.) are stored either on the servers of the European Commission or of its contractors, the operations of which abide by the European Commission's security decision of 16 August 2006 [C(2006) 3602] concerning the security of information systems used by the European Commission.

The Commission's contractors are bound by a specific contractual clause for any processing operations of your data on behalf of the Commission, and by the confidentiality obligations deriving from the transposition of Directive 95/46/CE.

6. Who has access to your data and to whom is it disclosed?

Information collected is publicly available on the Register of expert groups.

The XML files referred to in point 4 are not available neither via the internal application of the Register or the public version of the Register, and are only accessible to a reduced number of users in the System Owner and System Supplier's teams.

7. What are your rights and how can you exercise them?

According to Regulation (EC) n°45/2001, you are entitled to access your personal data and rectify and/or block it in case the data is inaccurate or incomplete.

If you do not wish to have your name published on the Register of expert groups, you may submit a request to the relevant Commission department for a derogation from publication. A derogation shall be granted where justified on compelling legitimate grounds in relation to your specific situation, in particular where disclosure of the experts' name could endanger your security or integrity.

You can exercise your rights by contacting the secretariat of the competent Commission department or in case of conflict the Data Protection Officer and if necessary the European Data Protection Supervisor using the contact information given at point 8 below.

8. Contact information
